Letter From the Principal

Dear Class of 2021,

Although I have been your principal for only the past year, it feels like much longer! I was fortunate to watch you from afar during your first three years of high school while in my previous position at Central Office. Returning to South as principal for the 2020-2021 school year was originally supposed to be an interim plan; however, after getting to know the student body, especially the seniors, my decision to remain here as principal became an easy one.

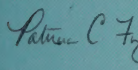
To say that I have a soft spot for the Class of 2021 is a complete understatement! Initially, I thought that the Class of 2020 had the toughest situation, but you have endured a year of hand sanitizer, tiered dismissals, desks that face forward in the cafeteria, lunches that are split between the Performing Arts Center and the lunchroom, shortened athletic seasons, and dreadful restrictions for students in the performing arts. Remote Mondays, twenty minute check-ins, and words such as close contact and quarantine have become a regular part of our vocabulary – I miss seeing your smiles that are covered with masks!

I believe that one day we will all look back at these days and remember the positives. The Class of 2021 is a very strong class, and your perseverance and grit during these unprecedented times has been commendable. You have made your mark at Plymouth South, and I know that you will continue to shine in the years ahead! School has been very different this year, but the relationships that you have fostered with your peers, as well as with your teachers, coaches, and other staff members, are what will stay with you long beyond your days in our halls!

THANK YOU for everything you have given to the PSHS community to make it so special – you have impressed me more than you know! And, I thank you for welcoming me back to South, a school that is very close to my heart, to join you in the final and most difficult days of your high school journey.

"Twenty years from now you will be more disappointed by the things that you didn't do than by the ones you did do, so throw off the bowlines, sail away from safe harbor, catch the trade winds in your sails. Explore, dream, discover." – Mark Twain

Sincerely,



Patricia C. Fry
Principal

SENIOR SADNESS

As a senior, it has taken many of the activities I have been looking forward to since freshmen year. I may not go to Prom, or Grad night, or even walk at my graduation, let alone spend the last 3 months at school with my best friends.
-Teagan Tovsrud / Madera, CA

WHAT EVENTS ARE YOU CONCERNED ABOUT MISSING DUE TO COVID-19?

Definitely graduation, I want to walk and I want to have people there to support me and see what I've achieved. If we don't have our families there, it just won't be the same.
-Emerald Ramos / Pueblo, CO

I am mostly worried about graduation and my graduation party. I have been looking forward to seeing all of the people that have helped me get to this place and those who will help me succeed in the future.
-Gillian Telfer / Elk River, MN

My senior prom could possibly be canceled. I already purchased my dress and I have been looking forward to it for months.
-Whitney Weyforth / Martinsburg, WV

Graduation and Prom mean a lot to me because I didn't work this hard for 4 years to get nothing out of it. Just walking across a stage and hearing the principal say your name is a big accomplishment for a lot of graduating seniors.
-Alicia Fong / Brooklyn, NY

VIRTUAL PROM NIGHT

Classmates from Visitation School in Mendota Heights, MN show off their prom dresses online while quarantined at home on prom night.

TIME LINE OF EVENTS

12/31/19 The government in Wuhan, China reports dozens of cases of pneumonia of an unknown cause to the World Health Organization.

1/7/20 Chinese authorities identify the virus as a novel coronavirus, initially named 2019-nCoV, and later renamed COVID-19.

1/11/20 The first death caused by COVID-19 is reported in China.

1/21/20 The first case of COVID-19 in the United States is confirmed in Washington state.

1/30/20 The World Health Organization declares a global health emergency. The United States confirms first case of person-to-person transmission.

2/5/20 The Diamond Princess cruise ship, with more than 3,600 passengers on board, is quarantined in Yokohama, Japan due to confirmed cases of the coronavirus.

2/14/20 The first death in Europe associated with COVID-19 is reported in France.

2/21/20 South Korea experiences an outbreak of COVID-19 cases.

2/23/20 Italy sees a surge in COVID-19 cases, growing from 5 to 150, and begins locking down towns and canceling school and major events.

2/26/20 President Trump appoints Vice President Mike Pence to lead the U.S. response to the coronavirus.

HOW DO YOU FEEL ABOUT MOVING TO ONLINE LEARNING?

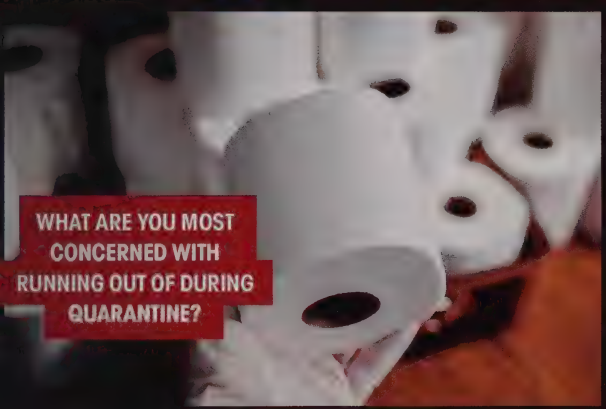
I understand that virtual learning is necessary, but it makes learning a lot less fun. Interacting with teachers and friends teach you more valuable lessons than you can learn virtually.
-Jacob Engle / Colorado Springs, CO

I initially thought I would enjoy virtual learning, however, it is not as easy as I would have imagined. If I am not begging the WiFi to work, I am resisting the urge to constantly check social media and my messages.
-Elizabeth Jansen / Nappanee, IN

I miss driving to school every morning while jamming to some music.
-Isabella Mulder / Willmar, MN

I actually like it! I can do my homework on my own time and I don't have to wake up so early to do it, therefore, I am more focused.
-Amie Thresher / Colorado Springs, CO

I'm okay with it, mainly because I can stay in my pajamas.
-Nika Lee / Palo Alto, CA



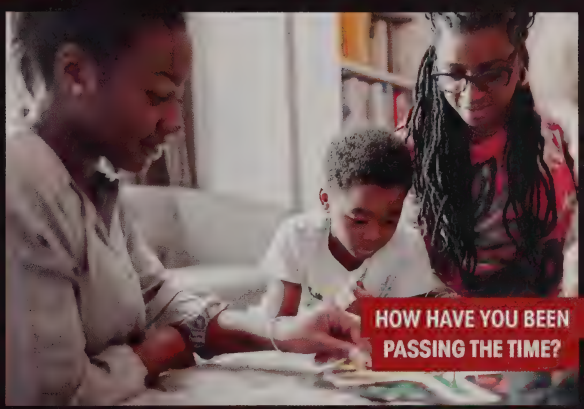
WHAT ARE YOU MOST CONCERNED WITH RUNNING OUT OF DURING QUARANTINE?

I know it sounds cliché, but toilet paper. The reason being that I can't find toilet paper at any local stores because everyone is hoarding it.
-Lilly Marie Weber / Willmar, MN

I am worried about running out of focus. Doing this at home is great but it gets boring very quick.
-Sydney Lindsay / Madera, CA

Dog food!
-Jessica Washburn / Martinsburg, WV

I'm worried about not having access to my teachers (in person). Yes, emails are a way to stay in touch with them, but there's something about talking to a teacher in person that helps me way more than an email ever could.
-Natalie Salter / Bryant, AR



HOW HAVE YOU BEEN PASSING THE TIME?

I am doing a lot of puzzles. 3,850 pieces to be exact.
-John Frunklin / Lake Elmo, MN

I have been babysitting since some parents still have to work and can't be with their kids all the time
-Fabian Martinez / Chapel Hill, NC

I have been able to catch up on Netflix!
-Celeste Ponce / Madera, CA

I've learned new TikTok dances and tried new recipes/hacks I've always wanted to try.
-Jacqueline O'Moulasy / Merced, CA

How COVID-19 Changed Plymouth South

Monday morning, I still get up and get ready for school but it's not the same as it used to be. My day starts by opening my computer and logging on to my first Google Meet at 7:30 AM. Forty minutes go by and I complete my first class. After another four classes, all in Google Meets, I get to take a break for lunch. From 11:15 to 11:45 AM I finally close my computer and eat my lunch. After lunch it's right back to the computer. I sit and get back to work for my last three classes until 2 PM when my last class comes to an end.

The next day is when I get to feel like things are a little bit more normal. I get up and actually get on the bus this time, but even the buses are different. I'm sitting a minimum of two seats away from my everyone else. The windows are wide open, and we have masks covering our faces to help stop the spread of this virus. After a thirty minute bus ride we reach the school. Unlike previous years, I walk in and the hallways are almost empty because only half of the students are at school today. The other half will come tomorrow which means I don't get to see my friends whose last names are at the other end of the alphabet. The arrows on the floor are pointed in the direction I have to follow to get to my class. All the desks are spaced 6 feet apart, isolating myself from the classmates around me.

My teachers no longer hand out paper. Everything is done on the computer. My teacher gave me a test to take home today. I'll have to scan it and post it on Google Classroom for her to grade. When class ends the teacher walks desk to desk with a spray bottle and hands us towels to wipe the desks clean. When I leave the room I'm sure to get some hand sanitizer from the 1 gallon jug every teacher in the building has.

We head to lunch following the one way arrows in the hall. Some days I eat lunch in the gym, sometimes the PAC, and other times the cafeteria. Lunch is free for everyone, as is breakfast which is available every morning in the classrooms or hallways. Similar to the classroom, we are all 6' apart sitting in the same direction. When lunch is over, we can head back to class, but if we are in the cafeteria or gym we once again have to wipe down the individual desks that we now eat at, which replaced the normal lunch tables. If we eat in the PAC, we don't have anything to clean because we ate off our laps.

In chorus the risers we normally stand on are gone. We all have a desk to sit at and we can't sing in the classroom anymore. There is a pop up tent outside that we stand under so that we can sing, and follow the COVID-19 guidelines standing far enough apart. When I want to use the bathroom I scan a QR code to sign out of the classroom. Once again I follow the one way arrows in the hall to head to the bathroom, even if it means going to the end of the hall and up or down a floor. When I return from the bathroom I scan another QR code to sign back in from the bathroom. By the end of the day we wait in our classrooms for them to call our class to be dismissed. There are 4 separate dismissals, so they can limit the amount of students passing in the hallway. Seniors go first, followed by the other 3 random room colors chosen.

Normally I would head off to football practice, but this year isn't normal. Football won't take place until February or March, or so they say. Other sports are also being delayed or drastically changed, all while wearing masks. Instead I will head home to attend one of the clubs PSHS offers, which are almost all online now via Google Meet. That's my life. Masks all day, 6 feet apart. Making sure we do everything to stay safe, hoping that one day school and life will go back to the way it was before.

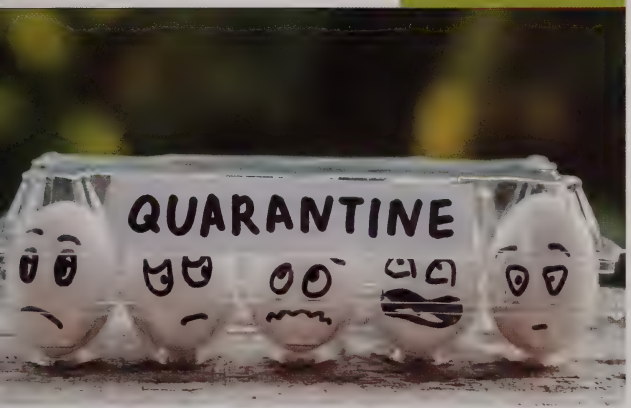
eating out...

I feel safer eating outside than inside during this time.
—Emma, Loudoun Valley High School [VA]

I'm okay eating out as long as every is being safe. The servers and cook are wearing masks, sanitizing the s and social distancing as best they
—Sereena, Sands Secondary [BC]

SOCIAL DISTANCING

It's a little more lonely now. Not being able to see all of my friends in person has had a big impact on day-to-day life.
—Lucas, Wayzata High School [MN]



BEFORE AND AFTER

Life changes over the course of a pandemic

How has the pandemic affected yo view of LIFE?

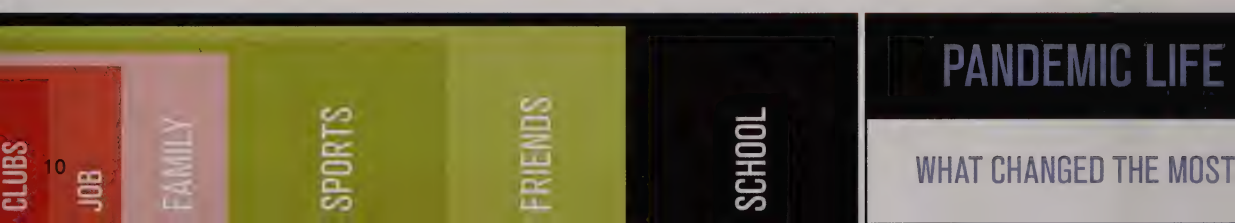
The pandemic has taught me things like making sure to wash my hands and keep them away from my eyes. Also, that I can be more introverted than I thought, able to last six months with no social interaction besides online friends.
—Donald, Winters Mills High School [MD]

I've reflected on myself a lot, tried to personally grow and have good energy around me. Life is so temporary, I've been trying to notice the small details I wouldn't have before.
—Senelle, Newman Smith High School [TX]

It definitely changed my perspective since I've been in isolation a lot. I've been dressing more creatively, making more art and putting myself out there more.
—Karina, Druid Hills High School [GA]

The pandemic has allowed me to appreciate life and what I have much more. It has also showed me how difficult life can get, but you just have to push through and keep going.
—Sadie, Dos Pueblos High School [CA]

It has made me realize how much we need each other. All I wanted during quarantine was to see my friends. Now that I can hang out with them, I cherish every minute.
—Molly, Holy Trinity Diocesan High School [NY]



It's secure but it doesn't feel the same. Everything has changed.
–Ricardo, Newcomers High School [NY]

It's definitely weird. I feel like I'm breaking the law when I take my mask off to eat.
–Calista, Winters Mill High School [MD]

it's complicated.

HAIR TODAY...

GONE TOMORROW

How did your hairstyle change during the pandemic?

First I got bangs, then I dyed my front strips blue, then my whole head. Then I chopped my hair off, dyed it black and then I dyed it back to its natural color and got it trimmed.
–Katy, Diamond High School [MO]

I've been growing my natural hair out since the pandemic started. It's hard to get your hair done and social distance at the same time.
–Alletse, Druid Hills High School [GA]

Because salons were closed, I went from clean-cut to longer wavy hair. I look totally different now.
–Paul, Wayzata High School [MN]

–Emma, Druid Hills High School [GA]

FUN HOBBIES

ARE YOU TRYING NEW THINGS?

During the quarantine, I developed the hobby of golf. I started going golfing every Saturday with my little brother.
–Breanna, Big Sandy High School [CO]

Writing letters to different family members. I love decorating my letters and putting stickers in the envelopes. I even bought a wax seal and some funky wax colours to secure my envelopes. –Ayla, Semiahmoo Secondary [BC]

I didn't really pick up any hobbies unless you count binge watching TV shows.
–Grace, Diamond High School [MO]

CHEER

Brenna Delaney

How many years did you play?
I have cheered for 4 years

What is your favorite memory from your sport?
My favorite memories from cheer were the bus rides on the way to the games, and on the way home from the games that we won. Going to Gillette and cheering on the sidelines was an amazing experience.

What is the biggest impact your sport has had on you?
This sport has shown me what it is like to be a part of a team and having people to lean on when I needed them. I'm going to miss all the girls who became like sisters to me over the last 4 years!

CHEER

Madison Harvey

How many years did you play?
I've cheered for the past 13 years, since I was 5.

What is your favorite memory from your sport?
Going to Gillette was so fun and a great memory.

What is the biggest impact your sport has had on you/What will you miss most?
I hope to cheer in college, but I will miss all of my teammates and miss cheering with them. Cheerleading has made me break out of my shell and has given me so many friends that I probably wouldn't have been friends with if we didn't cheer together.

CHEER

Caroline Nicoll

How many years did you play?
I've been cheering for 6 years.

What is your favorite memory from your sport?
My favorite memories are PR Missions.

What will you miss most?
I will miss FNL and cheering with all my friends the most.

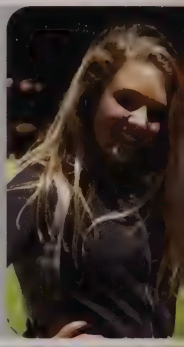
CHEER

Sophia Ottino

How many years did you play?
11 years.

What is your favorite memory from your sport?
Making lifelong friendships.

What will you miss most?
Friday night lights.



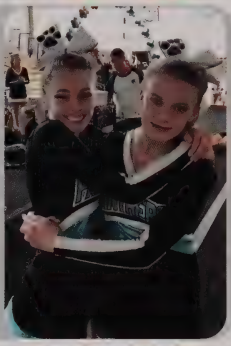
CHEER

Emily Palladino

How many years did you play?
12 years.

What is your favorite memory from your sport?
Going to Gillette last year for the Super Bowl.

What will you miss most?
Cheering during Friday Night Lights.



CHEER

Talia Rothberg

How many years did you play?
2 years.

What is your favorite memory from your sport?
Going to Gillette and being able to cheer on the field.

What will you miss most?
Being part of a team and seeing my friends.

CHEER

Mia Tatro

How many years did you play?
Ten years.

What is your favorite memory from your sport?
The surreal feeling of walking onto the field at Gillette.

What will you miss most?
I will definitely miss making memories with my friends. We created a second family through cheer and it's sadly coming to an end.

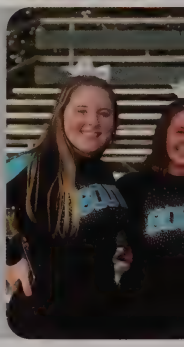
CHEER

Victoria-Ann Taylor

How many years did you play?
Ten years.

What is your favorite memory from your sport?
Going to Gillette.

What is the biggest impact your sport has had on you?
The biggest impact is becoming a family with everyone I've cheered with over the last 10 years.



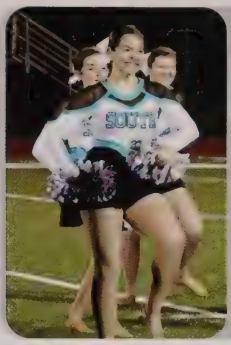
Ava Visconti

How many years did you play?
8 years.

What is your favorite memory from your sport?
My favorite memory is PR Mission.

What will you miss most?
I will miss competitions and practices.

CHEER



Lauren Gilbert

How many years did you play?
I've been dancing for 7 years.

What is your favorite memory from your sport?
My favorite memory is getting to perform at Gillette Stadium.

How has your sport impacted you?
Dance has had a profound impact on my life because it's shown me firsthand how hard work and dedication pay off.

DANCE

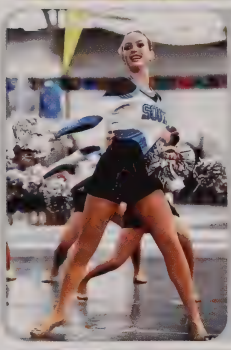
Hannah McIntosh

How many years did you play?
I have been dancing for 15 years.

What is your favorite memory from your sport?
My favorite memories are every time we did braids on the bus rides up to competitions.

What is the biggest impact your sport has had on you?
Dance has had the biggest impact on my life because it has taught me dedication, hard work, teamwork, and brought me some of my closest friends.

DANCE



Emma Mortara

How many years have you played?
I have been dancing for 15 years.

What is your favorite memory from your sport?
My favorite memory from dance team was getting third in the state at competition last year.

What is the biggest impact your sport has had on you/What will you miss most?
Dance team has allowed me to meet lifelong friends. I am going to miss FNL, competing, pre-comp rituals, Juj doing my lashes, bus rides, running to awards, choreographing w/ Hannah and Kath, and all the people and coaches I have met.

DANCE

Olivia Rotondo

How many years did you play?
I have been dancing for fifteen years.

What is your favorite memory from your sport?
My favorite memories are dancing at Gillette Stadium, dancing at football/basketball games, competing, pep rally, dancing on a cruise to Bermuda, recital each year, and just being with some of my favorite people all the time!

What is the biggest impact your sport has had on you?
The biggest impact dance has had on me is my confidence, dance has always been my first love and it's something that makes me feel happy and good about myself. I will miss all of the good memories and most of all the people that helped me grow as a dance and a person.

DANCE

Alyssa Sfravara

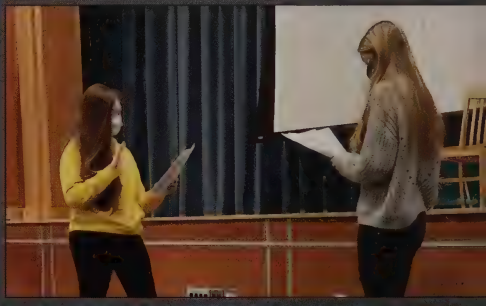
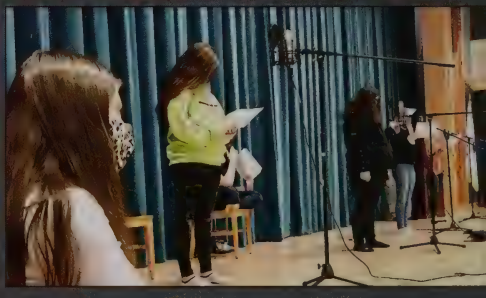
In the age of Covid, the PSHS Theatre Guild has needed to rethink shows. This year, radi plays are at center stage.





How classes at PSHS have changed

uth's music, visual arts, and physical education classes have undergone drastic changes due the Covid pandemic. Teachers have been forced to rethink how they go about teaching.

Are there any big projects you would do in a normal year and can't do this year?

Almost everything-group projects, collaboration projects, and projects where I have my students working in groups of two or three. We are no longer working on larger pieces or larger sculptures; we can't do them just because of the social distancing in the classroom and the touching of the material. So everybody is basically working on their own individual projects, so our big group project I've had to eliminate. I like to do large scale sculptures or even smaller pieces that get built together as one bigger piece but even then that gets a little bit tricky.

- Ms. Kwong, Art

What sorts of precautions have you taken to ensure safety in rehearsals?

In orchestra rehearsals, not much has changed. We do have to work around desks that aren't usually in the band room and space ourselves out six feet from each other but for the most part it is the same. In band, we have needed to get creative to abide by the guidelines set up by the state. In the fall, we played outside under a tent and then when it got too cold, we moved inside to the Performing Arts Center. Both inside and out, the wind players in the band need to stay at least ten feet apart. Inside, the students are wearing masks specifically made for instrumentalists to be able to play while still having the mask on and they also have bell covers on their instruments.

- Mrs. Grueb, Band

What do you miss most about in person learning?

The thing I miss the most in terms of ensemble is being able to sing together and being able to make music together. We're still able to record virtual choirs and grid video material, but it's not the same. People are still singing alone, we're just taking all those individual videos and putting them together; it's not singing together. But really, the thing I miss is hearing everybody's voices combined making music.

- Mr. Luciana, Chorus

What new activities have you and the other teachers come up with for physical education?

We started with changing our warm ups because we had to be outside. Unfortunately, even when it's sunny out at seven o'clock in the morning the grounds are wet. So, we had to develop a warm up routine where everyone's standing out on the track.

For some activities, we were able to revamp old lessons and introduce new material. We found an old roll of turf and we cut little golf mats which allowed us to bring golf back which was a lot of fun. Outside, we did archery, tennis, and bike riding. We had a dozen bikes donated to the school which we rode around the school grounds. We hiked the trails surrounding the Middle and High Schools and utilized old equipment such as pedometers to count students steps. We created a new game called noodle-tag with pool noodles to space everyone out. Right now, something exciting that we're trying to do is to revamp the Project Adventure ropes course out in the woods. We hope it will be ready for this spring. Although it's been a challenging year in physical education, it's been awesome to try new things.

- Mr. Sheradin, Physical Education

What is the biggest challenge with doing the radio plays?

The biggest challenge with the radio plays has been learning the technology. I have had to learn how to mix and edit that type of show on the fly. There was a steep learning curve when I was starting so it took some time and it took making some mistakes and having to start over again to figure it out. I would say the technological side of mixing and editing a radio play have been the biggest challenges.

Luke Consolati

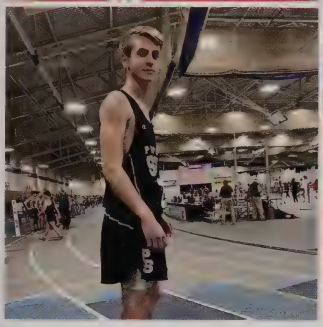
I can't believe how fast the last 18 years have gone. You started out as a sweet, cautious youngster that has blossomed into a strong, compassionate, hardworking, athletic, science-loving, young adult that is ready to make his mark on the world. If you continue to tackle life's challenges in stride, look for the good in every situation, and be YOU, there are no bounds to what you can accomplish. I look forward to hearing about all of your biology research endeavors and knowing that you will make a difference in this world. Congrats LUKE! Lots of Love, Mom, Dad, and Colby



Luke Consolati

We are so very proud of you for being a great student and an even better person.

Congratulations Luke!

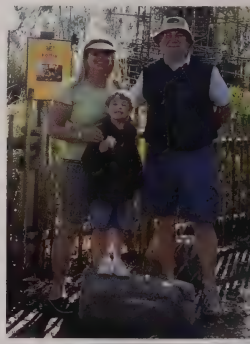
Love, Bean and Nonno

Luke Consolati

Luke,

Sagacity is a rare quality for one so young. More importantly, your compassion toward mankind without wanting any pomp for a circumstance is rarer. Selfless dedication to lead by example is the template God designed you to be. You are more than a shining star; rather, you are a sparkling soul who kindles where His footsteps guide you.

In Awe and Love,
Gramma and Papa



Ava Driscoll

Congratulations Ava! We are so proud of you. Your strength and tenacity have driven you and can't wait to see what you achieve next!

Love, Mom, Dad, Hayley, & Nolan

Madison Harvey

You're braver than you believe, stronger than you seem, smarter than you think and loved more than you'll ever know
Congratulations!
Mom, Dad, Morgan, Mia and Mason

Matthew Kazorek

Congratulations!

We are so proud of you for all you did these past 4 years and look forward to what your future brings!

Love Mom, Dad, Kelley and Princess Leia

Michaela Deluca

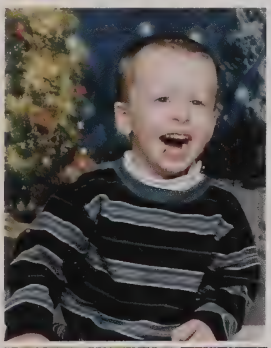
My sunshine girl,
you will do amazing things.
You have the tools, now
change the world. We are so
proud of you and cant wait to
see your future! love
Mom,Ken, Alli, and Madi

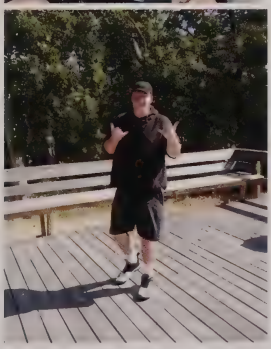
Jake White

Congratulations Jake!

Since the day you came into the world, you have been a shining light to everyone around you. You have been a joy to watch grow into the wonderful young man you are today, as well as an inspiration to anyone who knows you. You have overcome so many obstacles to get to this point, from being told you would never graduate High School to now preparing to do exactly that. Trailblazers push forward no matter what, and we couldn't be prouder of you.

Love, Mom and Steve





Madison & Nicholas Ahern

Watching you grow, and seeing the amazing young adults you've become has been the greatest gift. We can't wait to see what the future holds for you both!

We love you so much and we'll always be here to be your #1 fans!

Love- Mom and Dad

WORLD BEAT

This year's top headlines in technology, sports, music, movies and pop trends

COVID-19 VOCABULARY

CURBSIDE PICKUP: avoiding entering stores or restaurants. **DRIVE-THROUGH TESTING:** COVID-19 testing sites with as little personal contact as possible. **FLATTEN THE CURVE:** slowing the spread over time. **MASKING:** wearing a cloth or surgical face mask covering mouth and nose. **PPE:** Personal Protective Equipment like masks and latex gloves. **SHELTERING AT HOME:** staying at home except for necessary errands or exercise. **SOCIAL DISTANCING:** staying at least 6 feet away from others. **SUPERSPREADER:** gatherings that result in numerous cases.

NO HUGGING GRANDMA

Grandparents and other older relatives are at higher risk of serious COVID-19 effects, so families work hard to keep them safe by staying away. This proves a hardship for everyone, especially on holidays and special occasions. FaceTime, Zoom and Skype allow relatives to at least talk face-to-face when they cannot be together and help lessen feelings of isolation and loneliness.

VACCINES DEVELOPED

Over 140 possible COVID-19 vaccines are in development by December 2020, the shortest vaccine development timeline in history. The first two to get U.S. approval use the COVID-19 genome to create messenger RNA (mRNA), leading host cells to create COVID-19 spike proteins and the resulting antibodies. Vaccinations start in December.

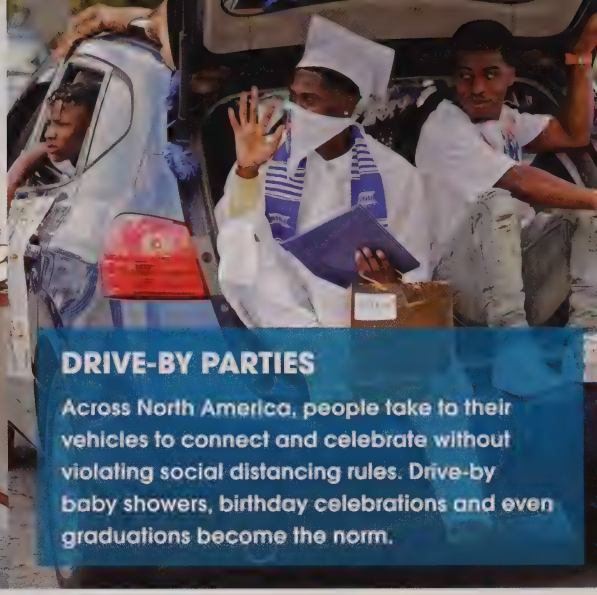
CITIZENS DELIVER PPE

As the number of COVID-19 cases rises dramatically in Washington state, New York City and New Jersey, hospital staffers and nursing home workers face shortages of Personal Protective Equipment (PPE). State governments struggle to meet the needs of healthcare professionals, and ordinary Americans rush to help.

COVID-

A NEW KIND OF DANCE

With school dances cancelled due to school closures and COVID-19 concerns, teens find other ways to celebrate, such as formal-wear photo shoots and mini homecoming dances at their homes.



DRIVE-BY PARTIES

Across North America, people take to their vehicles to connect and celebrate without violating social distancing rules. Drive-by baby showers, birthday celebrations and even graduations become the norm.

QUARANTINE COMPANIONS

Dog and cat adoptions increase dramatically, probably a result of families and individuals spending more time at home. In many states, animal shelters actually run out of adoptable pets.

THANK YOU ESSENTIAL WORKERS

Stay-at-home orders did not apply to "essential" or "front-line" workers who include teachers, medical personnel, firefighters, utilities workers, law enforcement officers, military personnel, meat packers, farm workers, grocery employees, and countless others.

In New York City, residents show their appreciation for health care workers by applauding every evening. "Thank you" signs appear throughout the country.

SPACE X LIFTOFF

In the first NASA partnership with a private corporation, Elon Musk's Space X company, the first astronauts head to the International Space Station. Lifting off in Space X's "Crew Dragon," U.S. astronauts go into orbit on a U.S.–built rocket for the first time in nine years. They will spend six months in space, joining another NASA astronaut and two Russian cosmonauts.

TITLE VII LAWSUIT

The U.S. Women's National Soccer Team's claim that their working conditions are not equal to those of the U.S. Men's Team leads to a settlement in their favor. U.S. Soccer agrees to provide both teams with comparable charter flights and hotel accommodations, along with staffing numbers.

MAIL-IN VOTING

Despite COVID-19 restrictions, a record number of people vote in November, as states allow more early voting or voting by absentee ballot. Counting absentee ballots delays election results for days, leading some to challenge the results and demand state recounts. Eventually, all 50 states certify election results and Joe Biden is declared the official winner of the presidential election.

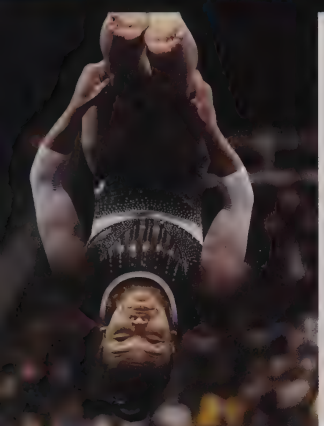
VIRAL VIDEO PROMPTS PROTESTS

Citizens protest after the posting of a video of Minneapolis, MN resident George Floyd's death while in police custody. The video goes viral, prompting protests in cities across the United States, Canada and the globe, including England, Germany, Denmark, New Zealand and Japan, among others.

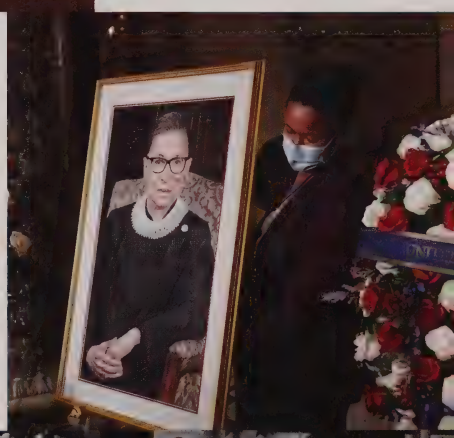
SUPREME WOMEN

Supreme Court Justice Ruth Bader Ginsburg, path-breaking Associate Justice of the U.S. Supreme Court, dies of cancer in September. Ginsburg, one of nine women entering Harvard Law School in 1956, argued six landmark gender discrimination cases. President Trump nominates Amy Coney Barrett to replace Ginsburg, making her the 5th female associate justice.



OLYMPICS POSTPONED

The Tokyo Summer Olympics are postponed until 2021, but that is good news for young athletes such as gymnast Konnor McClain, who was too young to compete in the 2020 games but will turn 16 in time to compete in 2021. This is the first time that the Olympics have been postponed since WWII.



ALPHABET OF STORMS

The November formation of Tropical Storm Theta, the 29th tropical storm of the 2020 season, makes the Atlantic storm season the most active on record. The predetermined list of 21 names based on the Roman alphabet ends with "Wilfred" on September 18th. Although hurricane names have gone into the Greek alphabet before, "Theta" marks the first time storm naming delves that far into the secondary alphabet list.

FIRES RAGE

The United States experiences a record-setting wildfire season. According to the National Interagency Fire Center, over 10 million acres burn in 2020, fueled by record heat combined with tropical storm-related thunderstorms pushing into the West. In the process, they destroy 10,500 buildings in California alone. On Sept. 8 and 9, the skies along the western coast of the U.S. turn an unearthly shade of red-orange because of nearby fires and smoke.

TRAVEL CURTAILED

Airlines lost more than 50 percent of their normal business in 2020, as passengers avoided congested flight conditions and many tourist destinations, like Disneyland and Walt Disney World, shut down temporarily. Airports emptied. In response, airlines cut flight schedules, furloughed employees, and advertised new safety procedures. Forbes reported that travelers viewed Delta as the safest airline because of procedures such as leaving middle seats empty and restricting capacity. Some airlines continued to fly full flights, despite research showing airborne virus transmissions.

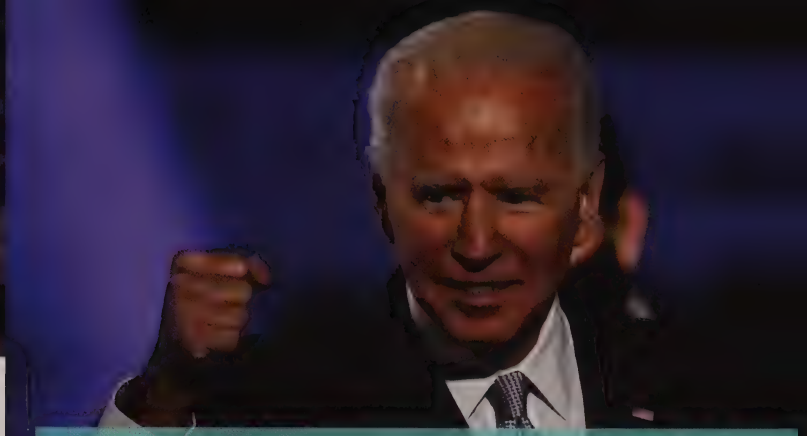
CIVIL RIGHTS ICON DIES

John Lewis, Congressman from Georgia and veteran civil rights leader, dies in July. As a young man, Lewis led the Student Nonviolent Coordinating Committee and was also a Freedom Rider in the 1960s.

STOCK ROLLER COASTER

COVID-19 affects the stock market throughout 2020. The Dow Jones Industrial Index falls almost 8 percent on March 10th and then 10 percent on March 12th, 2020, as news of COVID-19 spreads and oil prices fall. Still, stock prices climb overall for the year and the Dow Jones Industrial Average sees an overall return of over 8 percent as of December.



46TH PRESIDENT

Joseph R. Biden becomes President of the United States after record voter turnout in this one-of-a-kind pandemic election. Due to the large numbers of absentee ballots cast, media outlets do not declare Biden the winner until the Saturday following the election. Although Biden leads the popular vote by 5 percent, sitting President Donald Trump challenges state-level results with multiple lawsuits, and civil unrest occurs at the capitol on January 6 as electoral college votes are being tallied. Nonetheless, Biden proceeds with his transition team, naming an all-female White House communications team and pledging to name the "most diverse cabinet in history."

VICE PRESIDENT HARRIS

Kamala Harris, the daughter of immigrants from India and Haiti, becomes the first African American and Asian American woman to win the Vice Presidency. Harris previously served as a California U.S. Senator and Attorney General, Her husband, Doug Emhoff, will also be a first – the first "Second Gentleman" of the United States.

SUPER BOWL 55

Tampa Bay wins their second title, defeating the Kansas City Chiefs, as the Buccaneers' defense and quarterback Tom Brady dominate. The match-up was a battle between the greatest quarterback of all time and the current best, Patrick Mahomes. At 43 years old, Brady is the oldest player to ever play in the Super Bowl. The game is his 10th Super Bowl and he set NFL records with this seventh win and fifth MVP. The halftime show featured entertainer The Weeknd.

ADJUSTED SPORTS SEASONS

Decisions about sports cancellations or delays are left to local governments and school districts, leading to agonizing back-and-forths. Student athletes, coaches, and school boards ride an emotional roller coaster throughout the year. A handful of states cancel fall sports completely, while others delay the season's start or move fall sports to the spring. Parent protests often convince local governments to reverse unpopular decisions. Although many states do not initially change fall schedules, COVID-19 outbreaks lead to unplanned delays.

SPORTS

MAN OF IRON

Special Olympics athlete Chris Nikic becomes the first person with Down syndrome to complete a full Ironman. Competing in the Ironman Florida, 21-year-old Nikic swims 2.4 miles, bikes 112 miles and runs a full marathon (26.2 miles), despite falling off his bike and being attacked by ants at a rest stop. Ironman's Facebook page live-streamed the last two miles of Nikic's run.

NCAA FOOTBALL CHAMP

Alabama dominated Ohio State 55-24 in the January College Football National Championship. The undefeated No. 1 Crimson Tide, led by Heisman Trophy–winner Devonta Smith, who scored three touchdowns, won their 18th national title.

FAN SUBSTITUTES

COVID-19 social distancing restrictions limit professional and college sports stadium attendance, and teams come up with creative alternatives, including stuffed animals and cardboard cutouts. Fans can purchase "season tickets" allowing them to display their images on cardboard cutouts in the seats.

STANLEY CUP

NHL playoffs are postponed to September, then limited to two locations in Canada, Toronto and Edmonton, due to COVID-19. The Tampa Bay Lightning win the Stanley Cup in a 2-0 Game Six victory over the Dallas Stars, achieving a 4-2 record in the best of seven series. Tampa Bay defenseman Victor Hedman was named Series MVP.

NBA CHAMPIONSHIP

LeBron James wins his fourth Finals MVP award, tying Michael Jordan for that record, after a win over the Miami Heat. The Lakers win follows a tough year with the loss of former team leader Kobe Bryant. The team dedicates the season to him.

LITTLE LEAGUE WORLD SERIES

For the first time in 73 years, Williamsport, PA, does not host the Little League World Series, due to COVID-19.

SPORTS

MLB WORLD SERIES

Concluding the shortest MLB season on record, the Dodgers win the World Series after the Tampa Bay Rays make a controversial pitching change in Game 6, breaking Blake Snell's momentum in favor of reliever Nick Anderson. Mookie Betts slides home to give the Dodgers the go-ahead 2-1 run and the Dodgers win 3-1. COVID-19 impacts both teams, pulling starting Dodgers third-baseman Justin Turner out in the 8th inning after a positive test result but sending Rays Randy Arozarena back in to hit a first-inning home run.

MLS SEASON ADAPTS

COVID-19 challenges plague Major League Soccer, starting with a temporary shutdown two weeks into the season. Despite regular testing and requirements to wear a mask if exposed, multiple games are postponed or cancelled due to positive COVID-19 tests. Game cancellations lead the MLS to determine playoff spots based on points per game rather than win-loss standings. MLS Cup Match takes place Dec. 12 between Columbus Crew SC and the Seattle Sounders. Columbus Crew wins the Cup 3-0.

WNBA CHAMPS

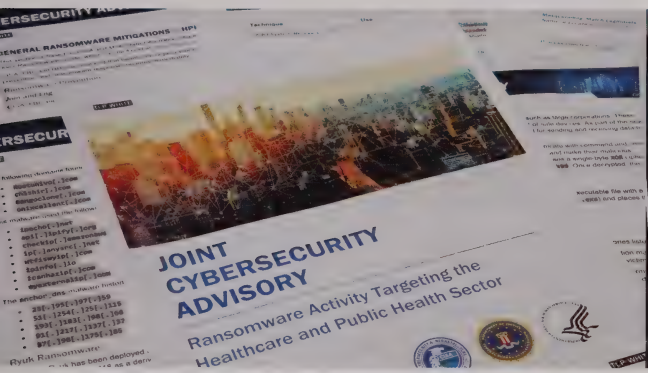
Sweeping the Las Vegas Aces in a best-of-five series, the Seattle Storm wins the 2020 WNBA Championship in an unprecedented season. The teams played season games in the Bradenton, FL "wubble" (WNBA bubble). Forward Breanna Stewart, who missed the 2019 season due to a torn Achilles tendon, was unanimously voted MVP for the championship series.

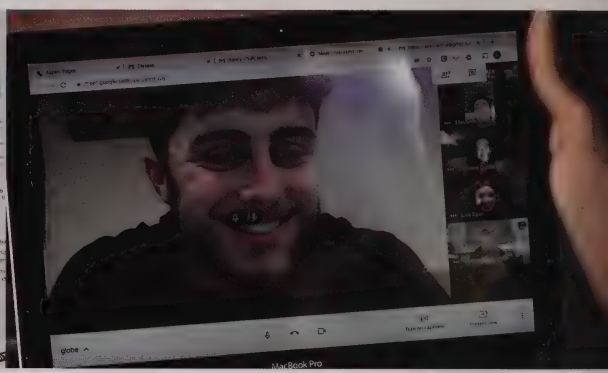
TIK TOK DODGES BAN

Concerns about national security leads President Trump to threaten to prohibit Chinese-owned TikTok downloads starting in November. Oracle proposes taking over ownership of TikTok U.S. data, and negotiations continue through the fall. Two federal district court judges rule that Trump's emergency economic powers are not sufficient.

U.S. SUES GOOGLE

The U.S. Department of Justice files a lawsuit against tech giant Google after a Congressional report accuses Google, Twitter, Amazon and others of using monopoly powers. The DOJ claims that Google has illegally paid computer manufacturers billions of dollars to choose Google as their default search engine and restrict rivals.





MICROSOFT NEUTRALIZES HACKERS

In December, evidence of the most sophisticated and far-reaching hack in years became public. A group of hackers known as "CozyBear" breached a trusted infrastructure supply chain. While Microsoft could not fix the damage already done, they were able to prevent further infiltration within four days.

HOME ENTERTAINMENT

With movie theaters shuttered and shelter-in-place orders common, home entertainment becomes more important than ever. Technology continues to enhance social gatherings as platforms like Zoom video conferencing and the Occulus Quest virtual reality headset become more common.

TECH NI

SEE YOU ON ZOOM

The Zoom app goes from being a business-meeting app to an "everything" app in 2020, used for virtual learning, social gatherings, art performances, exercise classes, weddings and funerals. As of December 2020, downloading stats put Zoom far ahead of other apps like Skype and Google Hangouts and second only to TikTok.

NOBEL PRIZE

Doctors Jennifer Doudna and Emmanuelle Charpentier win the Nobel Prize in Chemistry for their work developing a gene-editing technique known as Crispr-Cas9. *Crispr* stands for "clustered regularly interspaced short palindromic repeats," a type of sequencing in DNA chains that facilitates bacterial immunity. The Crispr technique allows scientists to cut out and replace chain segments. This will enable repairs to flawed genes and prevent diseases, but the technique's potential to create inheritable edited genes in humans is controversial.

GAMERS' DILEMMA

Sony and Microsoft release their newest gaming systems on the same day, November 12th. Microsoft's Xbox Series X and Sony's PlayStation 5 both offer much faster loading times than their predecessors and are similarly priced at about $500. However, Xbox Series X offers better backward capability, while PS5 offers a redesigned, more immersive controller. Which to buy? Depends on your game preference: *Halo* fans prefer the Xbox, while *God of War* fans want the PS5. Getting PS5 for the holidays proves so difficult that it inspires a *Saturday Night Live* skit.

MTV'S FIRST PANDEMIC AWARDS

MTV creates two special award categories for 2020: Best Music Video from Home and Best Quarantine Performance.

MASK TRENDS

While NIOSH-certified "N95" masks are the gold standard, they are unavailable to the general public for months. The urgent need for masks leads to countless creative designs and unending arguments about what the "best" masks are. Elastic loops? Ties around the head? One or two fabric layers? Filters?

AWKWAFINA MAKES GOLDEN GLOBE HISTORY

Awkwafina becomes the first Asian American performer to win a Golden Globe lead actress award, taking the prize for her performance in *The Farewell*.

SPOTIFY'S 2020 WRAPPED

For the second year in a row, Billie Eilish is Spotify's most-streamed female artist. Eilish is the first woman and youngest female to win the four main Grammy categories: Best New Artist, Record of the Year, Song of the Year and Album of the Year.

TIK TOK SISTERS

TikTok sensations Charli and Dixie D'Amelio reach a combined net worth of over $7 million. The sisters also launch a nail polish brand and partner with UNICEF on an anti-bullying campaign.
